

Biointerfaces International Zurich 2021, online, 18 – 19 August 2021
A conference on science, technology and translation

The Biointerfaces International Zurich 2021 welcomes the submission of abstracts for the virtual poster session platform. For this year, only poster submissions are possible, no oral contributions.

All submitted abstracts are reviewed based on scientific strength, methodology and data provided, as well as novelty and originality of the findings. Make sure your abstract is correct, as it cannot be modified once it has been submitted. The presenting author of an abstract must register for and attend the online conference.

Please, remember the following important dates/information:

- Abstract Submission Deadline: June 30 2021
- Notification of acceptance/rejection: Early July 2021
- Final poster as PDF version: End July 2021
- With the submission of an abstract, you agree that your abstract will be published on the official conference website.

Guidelines for Poster Presenters

Submit your Abstract in accordance with the template to info@biointerfaces.ch.

The technically proper receipt of your abstract will be confirmed within a few days by e-mail.

Please register before submitting your Abstract. In case of a rejected poster contribution, the registration fee will be refunded on request.

After getting the poster submission accept **a final PDF-Version of your poster** has to be submitted until end July 2021 to info@biointerfaces.ch.

Award Opportunity

Biointerfaces International Zurich 2021 will offer awards for the best poster contributions. The authors will receive a cash award!

Conference language is English.
