

Biointerfaces International 2022, Zurich
A conference on science, technology and translation

Guidelines for Poster Presenters

Submit your Abstract to info@biointerfaces.ch.

The technically proper receipt of your abstract will be confirmed within a few days by e-mail.

Please register before submitting your Abstract.

If an application for an oral contribution is rejected, we will automatically allocate a poster contribution. In case of a rejected poster contribution, the registration fee will be refunded on request.

Deadline for Poster Abstract Submission extended to 15th June 2022

The poster boards will be provided by Biointerfaces International 2022 Zurich.

Posters can be pinned on the boards by using pins.

Posters must meet the **DIN A0** format:

- Height: 119 cm
- Width: 84 cm

The posters have to **be attached by Tuesday 13 September by 9.00 am until Thursday 15 September, 3.00 pm** so that the jury can make the selection and all visitors have the possibility to see the entire poster session.

Posters which are not picked up at the end of the Poster Session will be discarded.

Please note that the posters have to be advised during the lunch breaks in the Poster Session.

Award Opportunity

Biointerfaces International 2022 Zurich will offer awards for the best poster contributions. The authors will receive a cash award!

Oral Contributions

Please note: Oral contributions will consist of 15 minutes for the presentation and 5 minutes for questions. These will be selected by an International Scientific Committee of the conference based on the abstracts submitted. If you wish to be considered for an oral presentation, please indicate your preference on the submission.

Conference language is English.

For questions please contact:
